

Suinsom, in the Ladin of Gardena, means 'at the top'

The top is the highest point, the goal of a route that often presents difficulties but whose achievement repays all your efforts.

It is the point where you enjoy the best view, the place where you dream of new heights to climb, the starting point for new horizons and new challenges."

ROPED UP TO SUINSOM

In the mountains, roped climbing is a system of ascent in which climbers are tied to the same rope, both for safety and mutual aid.

In the same spirit, in this particular year, our Chef Martellini is joined in the ropes course by his friend and multi-starred master Chef Antonio Guida, with whom he has created these two special menus, for an increasingly SUINSOM experience.
